Eco Adventure Camp Week Descriptions

NATURE EXPLORE Go off the beaten path to explore areas of the preserve that are usually under water later in the summer. Children will get muddy every day, so be sure to send in a complete extra set of clothes and a towel to dry off with. Save your oldest sneakers for this week, please no new shoes or socks.

WIZARDS AND WONDER Get ready for a fun-filled week of wand making, potion concocting, spell casting and loads of other fun camp activities.

SHARK WEEK Sharks are some of the most feared creatures in the world's oceans. We'll dispel myths and learn all about sharks and other sea life with themed crafts and fun activities.

MAMMAL MANIA From bats to cats and shrews to whales, mammals are marvelous! During this weeklong look at mammals from land, sea, and air, we'll compare characteristics and behaviors of mammals native to Florida and from around the world.

MAD SCIENTIST Research, investigate and conduct fun scientific experiments.

REPTILES & AMPHIBIANS Snakes, lizards, turtles, and more! Discover characteristics & behaviors of different types of reptiles, Be prepared for some close encounters with live specimens. Themed crafts and games will round out our roundup.

GOING GREEN Participants learn about a variety of issues pertaining to the environment under the two broad themes of "Ecology" and "Sustainability". In addition to engaging activities in the sciences and arts.

CREEPY CRAWLIES Explore the amazing world of insects & spiders. Search for aquatic critters in the ponds, millipedes, roly-polies, and more.

WET AND WILD Get ready to make a splash during this wet and wild week of camp! Campers will enjoy various water activities such as water bucket relays, water balloons, water dodgeball, water tag and more.
