# Clinic Policy

For the 2022-2023 school year there have been some updates to our health forms we want you to be aware of.

- Many of the required health related forms that families must review and sign before the start of school are available digitally via the [Focus Parent Portal](#). A significant change this year is that parents/guardians **MUST** fill out a "Consent for Health Services" form for their child to receive ANY care in the school clinics. This is a new legislation signed into law for the state of Florida. It is imperative that you register for an account if you do not already have one to access these forms and view other important academic information about your student(s).
- Please note that without this signed form of consent, our staff **Will Not** be able to provide basic health services, including first-aid, for your child. Thank you for your assistance.
- . If you still need further assistance, please contact your child's school or you may email the school system nurse at [Melanie.Klages@capecharterschools.org](mailto:Melanie.Klages@capecharterschools.org)
