

Clipping Box Tops is an easy way to help earn cash and each one is worth 10¢ for OES! Just look for these pink squares on hundreds of products (see back). All you have to do is clip them, check for a visible product acronym & expiration date, and send them to school.

Our school goal is **\$4,000** Last year we came really close to that goal and collected **\$3577.90**. I am positive we can reach our goal this year. Parent collection deadlines are Oct 17. and Feb 20.

Become a Box Tops for Education Member and Support Our School - Be sure to become a member (it's free!) by visiting www.boxtops4education.com so you can track our school's earnings progress, get access to coupons, and learn each month about extra ways for our school to earn. Make sure you check out the Box Top App for additional ways to earn!

Catch the wave with us! We're excited to share that our school is now participating in the **Coca-Cola Give** program. This opens up OES to new funding opportunities to help improve learning environments for our students.

The best part? Donations do not come out of your own pocket. When you make Coca-Cola purchases, save the rewards code found inside the bottle

caps and cardboard cartons. The value of each code varies from 5¢ to 38¢, depending on the product purchased. Simply enter the product codes at <https://us.coca-cola.com/give/schools/> OR send them to school and PTO volunteers will enter the codes.

(examples of Coke codes)

Our school also participates in the **Tyson Project A+™** program. Just clip and collect **Tyson Project A+** labels from participating **Tyson®** product packages and send them to school with your child along with box tops. We'll collect the labels and send them to Tyson Foods, and Tyson Foods will send our school a check. Each label is worth 24¢!

Be sure to shop from smile.amazon.com and change your charity to **CAPE CORAL MUNICIPAL CHARTER SCHOOL FOUNDATION**. Amazon will give back a small percentage to the foundation which directly benefits our schools.

If you have any questions, please do not hesitate to contact me at sturasky@gmail.com. I am here to make our school's 'easy money' programs a huge success this year.
